

# PowerRoc

## 100% Natural Fertilizer

Mineralizes soil for vigorous plant growth.  
Improves yields and plant nutrition vs. non-mineralized soil.

This product is a blend of several different nutritious mineral-rich Rock Powders finely ground into dust. This creates a nutrient-rich plant, vegetable, and tree food. We guarantee it is 100% natural with no added ingredients. It should be added to your garden in the fall, along with compost, and turned into the soil. This creates strong, active soil for robust and vigorous plants.

**Directions for use:** Use 5 pounds of PowerRoc for every 25 square feet of soil.

0-0.3-0.17	
Guaranteed Analysis	
Phosphoric Acid (P2O5)	0.30%
Soluble Potash (K2O)	0.17%
