

RocTea

100% Natural Soil Amendment

Improves root systems, yields and plant health

This product is the liquid from a blend of several different mineral rich Rock Powders and Green Waste. It is 100% natural, with no added ingredients. It should be mixed into your garden, along with PowerRoc or BioRoc, in the early spring, two weeks before planting, then added to your soil several times throughout the growing season. When used with PowerRoc and BioRoc it creates an excellent soil environment for vigorous and robust plants and trees.

Directions for use: Use 1 Gallon of RocTea for every 20 square feet of soil.

Ingredients: Rock Dust, Green Waste
